“

“He’s a Group One winner out of a mare, Iota, who won the Group One Preis Der Diana [German Oaks] and he’s a full-brother to In Swoop, the German Derby winner and Prix de l’Arc de Triomphe runner-up. Ito is a gorgeous-looking horse, standing 16.2hh and getting very good-looking stock, and his temperament is exactly what we look for in a stallion – to us that is as important as their race record. He won as a three-year-old, excelled at four and held his form at five.”
